YOURS

Yours to keep
design and files in your name

01 WHERE WE STARTED

What we built it around.

01 Take farming to another level.

Your own line. Option 1 stands the A from your logo huge behind the tree in your homepage photo, and your drone lifts off the field to settle where the little 2 sits: A squared.

02 Finding inspiration in every flight.

Your About page heading. Option 2 parks your own J100 photo on the gravel after dark, its blue the only light, with Tom and Andy one tap away.

03 Drone demos, sales, service and parts.

From your What We Do list. Option 3 is light and open: the EAVision J150 from your store hovers over your cornfield banner and follows the visitor's pointer, a demo flight before they ever call.

02 WHAT YOU GET

Pay for the website. Get the whole launch.

01	The website A new store on your real drones, parts and services: homepage, shop pages, product pages and cart, in the look you pick from the three you've just walked through. Live on your domain within a week of saying go.	\$2,500
02	A launch promo A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.	\$140
03	A launch email Designed and written for your customer list, so the people who already order from you hear about the new site from you.	\$350
04	A launch ad set Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.	\$350
05	A phone receptionist, first month From <u>Hire Whoever</u> , our sister company: a voice assistant that answers a store phone line for you, so customers who'd rather call still get an answer, and every call becomes a short written record you can read after.	\$105

PLUS, WHEN YOU SAY GO BEFORE 6 NOVEMBER 2026

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. It's built lean, with no page builder or extra plugins, and tested on a copy before anything goes live. Your checkout and payments stay exactly as they are.

03 Who owns it?

You do. The design and every file sit in your store, in your name. Hosting, domain and checkout stay with you; nothing of ours renews unless you ask.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free. After that, unlimited changes come with any monthly plan, from \$250 a month, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.

06 What if the brands I carry change?

Then the site changes with it. Product pages are built to swap, and I'll redo them before launch if your lineup changes.
